### Lawrence by Deco London, £75 for 50ml

Success and power are at the heart of Lawrence, whose complex, yet sweet aroma is reminiscent of the stylish 1920s characters created by English Author P.G. Wodehouse KBE. Created by British perfume house, Deco London, this full aromatic bouquet offers an elegant blend of creamy lavender, sage and sweet cassis, followed by an exotic rush of jasmine, geranium, ylang and patchouli. These sweet and savoury herbs all gently rub shoulders upon the masculine tones of vanilla, amber, wood and musk, making Lawrence a timeless gent of a fragrance.
