

# LE DUEL PERPETUEL

## LIMITED EDITION

This kinetic piece of Art boards observers to a fascinating visual fencing story across one of the most beautiful and impressive watch complication journey .

L'Épée 1839 is the only clock manufacturer to create a masterpiece watch table and makes the fascination of a swashbuckling historical romance alive. The Journey begins with an array of visual effects: The escapement balance wheel, the two sword-shaped retrograde

second hands fly back every twenty seconds in an eye-catching fencing display. The mechanical beauty of the core movement, a double Power Reserve animation and the In-line perpetual calendar and its jumping disk.
