

LE DUEL PERPETUEL TOURBILLON

ALL THE SUPERLATIVES FOR THIS LIMITED EDITION

This kinetic piece of Art introduces one of the most difficult complication ever made in the watchmaking industry: An in-line perpetual calendar (Day, Date, Month, year) able to move frontward and backward, a double retrograde second on top of a Tourbillon completes this amazing Timepiece.

This collection combines the most beautiful horological complications in one table clock. This masterpiece, emblem of L'Épée's know how, includes a Perpetual Calendar, a Double Retrograde Second on top of a Tourbillon, and a Double Power Reserve animation.
