RACE CARS MEET SWISS WATCHMAKING

L'Épée 1839 takes us behind the wheel of the Time Fast. This vintage-inspired race car and a modern clock in one is a kinetic sculpture that tells the time.

This vintage-inspired race car and a modern clock in one is a kinetic sculpture that tells the time. The name of the Time Fast D8 clearly conveys its technical aspirations, incorporating a motor that can last 8 days—or rather an in-house caliber with

a 192-hour power reserve beating at 18,000 vibrations per hour. Time Fast D8 is a limited edition: 100 pieces per body color, initially produced in Red, Blue, Green, Grey, Blue with white stripes and White with blue stripes versions.
